OncoKB Therapeutic Levels of Evidence

Standard Care

- FDA-recognized biomarker predictive of response to an FDA-approved drug in this indication
- Standard care biomarker recommended by the NCCN or other professional guidelines predictive of response to an FDA-approved drug in this indication

Investigational

3A

R2

- Compelling clinical evidence supports the biomarker as being predictive of response to a drug in this indication
- Standard care or investigational biomarker predictive of response to an FDA-approved or investigational drug in another indication
- Compelling biological evidence supports the biomarker as being predictive of response to a drug

Hypothetical

Standard Care Resistance Standard care biomarker predictive of resistance to an FDA-approved drug in this indication

Investigational Resistance

Compelling clinical evidence supports the biomarker as being predictive of resistance to a drug
