OncoKB Levels of Evidence

	Olicond Levels of Evidence
Standard Care	FDA-recognized biomarker predictive of response to an FDA-approved drug in this indication
	Standard care biomarker recommended by the NCCN or other expert panels predictive of response to an FDA-approved drug in this indication
Investigational	Compelling clinical evidence supports the biomarker as being predictive of response to a drug in this indication
	Standard care or investigational biomarker predictive of response to an FDA-approved or investigational drug in another indication
Hypothetical	Compelling biological evidence supports the biomarker as being predictive of response to a drug
Standard Care Resistance	Standard care biomarker predictive of resistance to an FDA-approved drug in this indication
Investigational Resistance	Compelling clinical evidence supports the biomarker as being predictive of resistance to a drug
